## **PLANNING:**

2 Tolmen, Throwleigh. Proposed removal of 4.4 m of stone wall to widen existing access and hang wooden gates on granite posts. 2 objections lodged. Circulated. Questions raised with applicant as to need for car parking spaces. Response circulated. Cllr. Horn confirmed that he had spoken to the conservation officer who would be objecting to the proposal and was now in correspondence with the case officer and planning enforcement. Cllr. Horn also confirmed that he had asked the planning officer to clarify the highways comment on the application (no objection to the proposal subject to height restriction on wall for sight line purposes) as it appeared to him that highways may have omitted to assess the height of the piggery building, albeit this was shown on the plans which Cllr. Horn stated he had not seen.

The clerk raised concern as to whether Cllr. Horn had an interest in this application, be it a pecuniary or prejudicial one and if this were the case, he would not be able to vote on the matter. The clerk had sought independent advice which confirmed that he could be deemed to have a pecuniary interest and should not be able to vote. Cllr. Horn stated he did not think he had a pecuniary interest. The remaining councillors discussed the application and subsequently supported the application.
